

SCHRADETZ ~~THE DICKINSON~~ TIMES

Objective:	What Students will Learn this Week								
READING	This week students will be practicing comprehension strategies while reading a reader's theater, "Across a Stream."								
MATH	Students will test on Unit 3 this week and will begin Unit 4. Unit 4 focuses on decimals. Please keep practicing your math facts nightly!								
CONTENT	We had two wonderful "Scientist of the Week" projects. Thank you Emmy and Savannah for sharing your experiment. We will continue with our nutrition/physical fitness unit.								
WRITING	The students are going through the writing process with another personal narrative story. They are working hard on using topic sentences and details in their work. We have been focusing on different parts of grammar during writing time as well.								
WORD STUDY	<p>Long and short i patterns</p> <table border="0"> <tr> <td>1. kitchen</td> <td>5. highway</td> </tr> <tr> <td>2. window</td> <td>6. tonight</td> </tr> <tr> <td>3. mystery</td> <td>7. delight</td> </tr> <tr> <td>4. symptom</td> <td>8. crystal</td> </tr> </table>	1. kitchen	5. highway	2. window	6. tonight	3. mystery	7. delight	4. symptom	8. crystal
1. kitchen	5. highway								
2. window	6. tonight								
3. mystery	7. delight								
4. symptom	8. crystal								
Other	On Thursday, November 10th all of our Stuff - a - truck donations will be picked up. The class with the most items will be rewarded with an extra recess!
