

# SCHRADETZ ~~THE DICKINSON~~ TIMES

Objective:	What Students will Learn this Week								
READING	Students will be reading a reader's theater script this week. While reading, they will focus on fluency and main idea.								
MATH	Students will finish Unit 2 this week. Our next unit will focus on multiplication and division.								
CONTENT	We had another wonderful "Scientist of the Week" project. Thank you Olivia E. for sharing your experiment. We continue to focus on our social/emotional unit.								
WRITING	The students will write a personal narrative story about their adventures at Historyfest.
